Commissioner for Patents

Office policy is that a case only be suspended for six months at a time. The previous six-month suspension period for this case has expired. Since the related divisional reissue (11/203652) has a pending interference, a new six-month suspension period is being instituted in this case. Additional suspensions may be required to keep this case suspended until the interference is decided. No action is required in this case by the Applicant at this time. See MPEP 1450.
